Class Placement for 2022

Student placement is taken very seriously at Haldane Elementary. Each year we configure classes to create the best possible learning environment for our students, considering the following: class size and composition regulations, male/female ratios, student learning style and intellectual needs, a balance in student independence, maturity, and behaviour, and peer relationships.

Parent input is also considered when placing students; however, student placement decisions are left to the discretion of the school. Although the school will not consider requests for a specific teacher, parents are welcome to provide information relating to their child to assist us with our decision. Please email this information to ctopolovec@sd73.bc.ca by June 3rd.

Kindergarten

If you are planning on registering your child for Kindergarten, a student must be five years of age by December 31, 2022.

Please email Mallory at mgosse@sd73.bc.ca or call the office to find out how to register.

Plastic Waste

We are trying to cut back on the amount of plastic cutlery and cups we waste each day at the school. We kindly ask that if your child(ren) requires utensils for their lunch, please pack them one

from home. We will have spoons available if a student forgets, but we are trying to limit this. Please remind students to bring a water bottle each day as well.

Students were busy going in all directions; planting trees at Tsutswew Park, painting storm drains, cleaning up flower beds, planting flowers at our front entrance, picking up garbage, classroom discussions on ways students could reduce their carbon footprints, handing out tree saplings, and much more.
